"I would not hesitate in recommending MIL, we have been using them for 12 months now and they have been very helpful, and their systems seem to work really well, we get regular updates and are provided with lists on a regular basis for us to cross reference to our database, I am confident that we are being covered by the right team!"

**Ben Dreher, Lawson (Plymouth) Ltd**

I just wanted to say thank you for all of your efforts and hard work at the moment, people don't usually get a lot of praise but you do really deserve it, you are efficient and on the ball.

If it wasn't for you calling me and keeping me on the pulse with our withdrawn instructions, then I would never have noticed where the owner has tried to dodge our commission.

**Scott Jay, Key Stones**

"Every dealing I have had to date with MIL Collection (especially with Ellie) has been a very positive experience. They always check in with me to make sure everything is ok and to ask if I need their help. Fast and efficient. I couldn't recommend enough!"
